PROFESSIONAL PROFILE

Full Stack Developer with a strong focus on Frontend, specialized in React, Next.js, and TypeScript. Hands-on experience building SaaS applications in production, including a multi-tenant platform actively used by businesses in Uruguay. Solid command of scalable UI development, REST API integration, role-based authentication, databases, and AI-assisted development workflows. Upper-intermediate English (B2).

WORK EXPERIENCE

Avelino Acevedo S.A. | Web Developer, Marketing & QA 2016 - 2020 & 2024 – Present
Montevideo, Uruguay

- Built the official website for Mistyle Uruguay (mistyle.com.uy), an electric scooter brand, from scratch — live site with full product catalog, visual identity, and responsive UX.
- Created digital design assets for company websites and social media using Canva and Photoshop.
- Managed digital marketing and e-commerce operations (Mercado Libre): product listings, order tracking, and customer support.
- Performed functional testing (Manual QA / UAT) on an in-development business system: end-to-end test execution, bug reporting, and issue follow-up with the software vendor.

PROJECTS

UruFix | Full Stack Developer 2025 – Present
SaaS platform for technical service management · Live in production

- Designed and built a **multi-tenant SaaS platform** with per-organization data isolation, actively used by businesses in Uruguay.
- Implemented role-based authentication and authorization using JWT; features include client management, scheduling, time tracking, and notifications.
- Integrated Mercado Pago for payments and subscriptions; deployed on Vercel and Railway.

Stack: React, TypeScript, TanStack Query, TailwindCSS, Recharts, Node.js, Express, MongoDB, JWT, Mercado Pago, Vercel, Railway

ServyFix | Frontend Developer 2025 – Present
Platform for finding and hiring technical services · Live in production

- Developed the frontend of a SaaS platform for locating technicians, featuring interactive map-based geolocation search.
- Strong focus on responsive design, smooth animations, and high-quality user experience.

Stack: React, TypeScript, TanStack Query, Context API, Leaflet, Framer Motion, Mercado Pago, Vercel

ADDITIONAL EXPERIENCE

Mancru S.A. | Warehouse & Sales Assistant 2020-2024
Montevideo, Uruguay

- Invoicing, order fulfillment, stock organization, and customer service. Sales coverage with account management responsibilities.
